Dear ATA Friends,

The Anguilla Tennis Academy (ATA) is a non-profit tennis grassroots program has been making strides lately to complete an almost ten year project to introduce tennis to children. Its primary goal is to expose children to the joys, discipline and rigor of the life long sport of tennis. The ATA is also committed to developing healthy minds and providing educational opportunities for children through the sport of tennis. Since its inception in 1996, over 1000 participants have benefited from the program.

Our award winning camps and youth programs have achieved success and international attention among tennis professionals despite the fact that our primary operation has been on two deteriorating public courts, and occasionally, on a few of the local hotel courts during the off-season. This can change with your help!

I am pleased to report that construction of our world class tennis facility is well underway. As you can anticipate, we are going to need additional funds to accomplish this goal. We are asking for help from individuals and businesses towards this worthwhile endeavor.

Those individuals and businesses that contribute to our 5 year pledge campaign will join a special recognition group and will be displayed on a permanent brass plaque in the facility lobby.
